### BRIEF DESCRIPTION OF WORK

replacing 32 year old asphalt shingles + replacing existing skylights

I believe the CertainTeed, Landmark architectural series in Georgetown Gray would look very attractive on the house and be a big improvement over the current 3 tab shingle. There is a hint of gray/green in it that goes very well with the dark green trim...

It is also in stock and available which is important given my time restraints. I climbed on top the roof and found some pretty bad spots and we had some leaks in the big Sept 18 rain storm.

I am open to recommendations from the commission but also have a limited budget: The CertainTeed shingle is \$91/sq,
