CERTIFIED TO:

Flood hazard zone has been determined by scale and is not necessarily accurate. Until definitive plans are issued by HUD and/or a vertical control survey is performed, precise elevations cannot be determined.

NOTE: This mortgage inspection was prepared specifically for mortgage purposes only and is not to be relied upon as a land or property survey, used for recording, preparing deed descriptions, or construction. No services were set. Building location and details are shown specifically for zoning determination only and are not to be used to establish property lines. The matters shown herein are based on client-furnished information and may be subject to further easements, setbacks, easements and rights of way, and other matters of record and possession or other rights. Northern Associates, Inc. assumes no

This mortgage inspection was prepared in accordance with the Technical Standards for Mortgage Loan Inspections as adopted by the Massachusetts Board of Registration of Professional Engineers and Land Surveyors 250 CMR 603. I further state that in my professional opinion that the structures shown conform with the local zoning horizontal dimensional setback requirements of the Town of construction or are exempt under provisions of M.G.L. Ch. 40A Sec. 7.

1. Property/House is not in Flood Hazard.
2. Property/House is in a Flood Hazard Area.
3. Information is insufficient to determine Flood Hazard.
