Date: July 3, 2015 Case #:ZBA 2015-28 Site: 140 Morrison Avenue

DESCRIPTION:

The proposal is to enclose a rear porch, construct new egress stairs, and make window and door alterations. Some additional windows will allow the applicant to finish the basement.

FINDINGS FOR SPECIAL PERMIT:

In order to grant a special permit, the SPGA must make certain findings and determinations as outlined in §5.1.4 of the SZO. This section of the report goes through §5.1.4 in detail.

1. <u>Information Supplied:</u>

The Board finds that the information provided by the Applicant conforms to the requirements of §5.1.2 of the SZO and allows for a comprehensive analysis of the project with respect to the required Special Permits.

2. <u>Compliance with Standards:</u> The Applicant must comply "with such criteria or standards as may be set forth in this Ordinance which refer to the granting of the requested special permit."

Lawfully existing one- and two-family dwellings which are nonconforming with respect to dimensional requirements, may be enlarged, expanded, renovated, or altered by special permit. Enclosing the rear deck on the nonconforming sideyard and constructing a new rear deck requires a special permit.

In considering a special permit, the Board finds that the alterations proposed would not be substantially more detrimental to the neighborhood than the existing structure.

3. <u>Consistency with Purposes:</u> The Applicant has to ensure that the project "is consistent with (1) the general purposes of this Ordinance as set forth in Article 1, and (2) the purposes, provisions, and specific objectives applicable to the requested special permit which may be set forth elsewhere in this Ordinance, such as, but not limited to, those purposes at the beginning of the various Articles."

The proposal is consistent with the general purposes of the Ordinance as set forth under §1.2, which includes, but is not limited to promoting the health, safety, and welfare of the inhabitants of the City of Somerville; to preserve the historical and architectural resources of the City; and to encourage housing for persons of all income levels.

The proposal is consistent with the purpose of the district, which is, "to establish and preserve quiet neighborhoods of one- and two-family homes, free from other uses except those which are both compatible with and convenient to the residents of such districts."

No parking relief is needed. The existing bedroom count is 2, which is a parking requirement of 1.5 and rounds to 2 parking spaces. Three bedrooms have the same parking requirement, 2 spaces.

4. <u>Site and Area Compatibility:</u> The Applicant has to ensure that the project "(i)s designed in a manner that is compatible with the characteristics of the built and unbuilt surrounding area, including land uses."

The surrounding neighborhood is a mix of one-, two-, and three-family residences and the adjoining row houses. The property is in close proximity to Davis Square and the community path.

There are little to no impacts of the proposal except those associated with residential use.

5. <u>Housing Impact:</u> Will not create adverse impacts on the stock of existing affordable housing.

Date: July 3, 2015 Case #:ZBA 2015-28 Site: 140 Morrison Avenue

6. <u>SomerVision Plan:</u> Complies with the applicable goals, policies and actions of the SomerVision plan, including the following, as appropriate: Preserve and enhance the character of Somerville's neighborhoods, transform key opportunity areas, preserve and expand an integrated, balanced mix of safe, affordable and environmentally sound rental and homeownership units for households of all sizes and types from diverse social and economic groups; and, make Somerville a regional employment center with a mix of diverse and high-quality jobs. The areas in the SomerVision map that are designated as enhance and transform should most significantly contribute towards the SomerVision goals that are outlined in the table below. The areas marked as conserve are not expected to greatly increase the figures in the table since these areas are not intended for large scale change.

The project does not contribute to the metrics of SomerVision but does allow a homeowner to make minor modifications to a home.

DECISION:

Present and sitting were Members Orsola Susan Fontano, Richard Rossetti, Danielle Evans, Elaine Severino and Josh Safdie. Upon making the above findings, Richard Rossetti made a motion to approve the request for a Special Permit. Elaine Severino seconded the motion. Wherefore the Zoning Board of Appeals voted **5-0** to **APPROVE** the request. In addition the following conditions were attached:

Copies of this decision are filed in the Somerville City Clerk's office. Copies of all plans referred to in this decision and a detailed record of the SPGA proceedings are filed in the Somerville Planning Dept.

CLERK'S CERTIFICATE

Any appeal of this decision must be filed within twenty days after the date this notice is filed in the Office of the City Clerk, and must be filed in accordance with M.G.L. c. 40A, sec. 17 and SZO sec. 3.2.10.

In accordance with M.G.L. c. 40 A, sec. 11, no variance shall take effect until a copy of the decision bearing the certification of the City Clerk that twenty days have elapsed after the decision has been filed in the Office of the City Clerk and no appeal has been filed, or that if such appeal has been filed, that it has been dismissed or denied, is recorded in the Middlesex County Registry of Deeds and indexed in the grantor index under the name of the owner of record or is recorded and noted on the owner's certificate of title.

Also in accordance with M.G.L. c. 40 A, sec. 11, a special permit shall not take effect until a copy of the decision bearing the certification of the City Clerk that twenty days have elapsed after the decision has been filed in the Office of the City Clerk and either that no appeal has been filed or the appeal has been filed within such time, is recorded in the Middlesex County Registry of Deeds and indexed in the grantor index under the name of the owner of record or is recorded and noted on the owner's certificate of title. The person exercising rights under a duly appealed Special Permit does so at risk that a court will reverse the permit and that any construction performed under the permit may be ordered undone.

The owner or applicant shall pay the fee for recording or registering. Furthermore, a permit from the Division of Inspectional Services shall be required in order to proceed with any project favorably decided upon by this decision, and upon request, the Applicant shall present evidence to the Building Official that this decision is properly recorded.
