Re: Filed Sub-Bid Allowance

Addendum No. 3 to IFB 15-108

The City received and opened one filed sub-bid for Ornamental Iron (Misc. Metals) today, but must reject the bid as there was no bid bond as required per M.G.L. c. 149, §44B(2) and §44F(3).

Pursuant to M.G.L. c. 149, 44F(4)(a)(2), general bidders are instructed to carry the following number on their general bid forms for the ornamental iron sub-trade: **\$114,000.00**. The City will solicit new written quotations from at least three qualified subcontractors in the ornamental iron/miscellaneous metals trade. The new written quotations will be opened and read aloud at the time and place that will be specified in the solicitation. The City will select the lowest responsible and eligible sub-bidder to which the awarded general contractor has no objection, and the general contractor's general contract price will be adjusted to reflect the difference between the amount the general bidders carry (i.e. \$114,000) and the actual subcontract quotation. The general contractor is not entitled to overhead and profit on the incremental difference between the amount carried and the amount of the new sub-bid.
