Re: Clarification of Specifications

### **Addendum No. 1 to IFB 16-66**

---

The City is issuing this addendum to IFB 16-66 Micro Surfacing and Slurry Sealing, to update the specifications of this project.

\*\*\* Question 1. For item 2, it has approximate quantity as 27,754 SY of Conventional micro-surfacing Type II Double Surface Course (2 Lifts). However, in the column where we are supposed to put our pricing in words, it lists the unit as "PER GALLON". Should that be revised to say "PER SY"?

Answer 1: YES. It should read Per SY. Please see the attached sheet which has been updated. This page will be replaced in the bid package. Vendors should submit updated page, which lists per SY (square yard).

## BID ITEM DESCRIPTIONS

Furnish all labor, materials, equipment and services necessary to perform the micro seal application complete, as specified.
