RFP # 17-12
SECTION 2.0
RULE FOR AWARD /
SPECIFICATIONS/SCOPE OF SERVICES

Rule For Award

Vendors are encouraged to apply for one or both studies. The contract(s) shall be awarded to the responsible and responsive proposer(s) submitting the most advantageous proposal response(s), taking into consideration all evaluation criteria as well as price. Multiple contracts may be awarded. One vendor may be awarded a contract for both studies, or two vendors may be awarded a contract for a study apiece. The contract(s) will be awarded within ninety (90) days after the proposal opening. The time for award may be extended for up to 45 additional days by mutual agreement between the City and the most highly advantageous and responsible offeror.

Background

The City of Somerville has had a Housing linkage ordinance (specifically, Section 15 of the Somerville Zoning Ordinance) since 1990. The ordinance was originally developed based on a 1989 nexus study. The linkage ordinance was amended most recently in 2013 after an updated nexus study. The current ordinance imposes a linkage fee of \$5.15 per square foot for projects exceeding 30,000 gross square feet (the first 30,000 square feet are exempt from the fee). At the option of the zoning applicant, the fee may be paid to the City in one lump sum or in installments over a period of five years, with twenty percent (20%) of the total fee due each year beginning with initial occupancy of the project. All funds generated by the current linkage fee are dedicated to housing for low and moderate income households and are deposited into the Somerville Affordable Housing Trust Fund for distribution for these purposes.

In addition to analyzing the need for adjustment of the affordable housing linkage fee, the nexus study conducted in 2013 also assessed the justification for a Jobs linkage fee. The study found a rational basis for enactment of a jobs/workforce development linkage fee aimed at funding educational opportunities and job training programs to help Somerville residents better compete for new jobs created in the City. The study proposed a jobs fee rate of \$1.40, which would be imposed in addition to the \$5.15 affordable housing linkage fee, resulting in a combined linkage rate of \$6.55 per square foot on commercial development over 30,000 square feet.

As a means of disbursing funds collected through the jobs linkage fee, the 2013 nexus study recommended establishing a Somerville Jobs Trust similar to the Somerville Affordable Housing Trust. There were also a number of other jobs linkage policy recommendations outlined in the nexus study. Soon after the 2013 nexus study was completed, Somerville's Board of Aldermen passed a Home Rule Petition, introduced by Mayor Joseph A. Curtatone, to establish a Municipal Job Training Trust and sent the legislation on to the State Legislature for approval. In August of 2016, the State Legislature and Governor approved the Home Rule Petition, giving the City the authority to create the Somerville Municipal Job Creation and Retention Trust and fund it through a linkage fee.

The City seeks to update information and analysis concerning its existing Housing linkage fee and the soon-to-be-enacted Jobs linkage concept. The analysis is anticipated as a two-step process, with the Housing linkage study and the Jobs linkage assessment conducted separately. The City will award separate contracts for the two nexus studies; consultants may propose to conduct one or both of the analyses. For the Housing linkage nexus study, the City expects that the consultant will, among other items, explore adjusting the fee amount and investigate linking the fee to an economic or construction cost index. For the Jobs linkage fee, the City is also

interested in updating the recommended fee rate along with reconsidering the policy recommendations suggested in the most recently completed nexus study completed in 2013.

Scope of Work

As noted previously, the City is soliciting proposals to conduct two nexus studies through its Office of Strategic Planning and Community Development. The first will analyze Somerville's Housing Linkage Ordinance and recommend an appropriate fee rate and policy options for an update of the existing ordinance. The second study is to be conducted separately from the first, and will recommend an appropriate fee rate and policies for establishment of a Jobs Linkage Ordinance and suggest policies related to disbursement of Jobs linkage fee revenue through the Somerville Municipal Job Creation and Retention Trust.

Consultants may propose to conduct one or both of the two studies described. The selected consultant(s) will be responsible for quantifying the current impacts of non-residential development on the demand for low and moderate income housing and/or job opportunities for Somerville residents. Based on these impact analyses, the consultant(s) will recommend appropriate linkage fee amounts and other policy options for the Housing and/or Jobs Linkage Ordinances.

Specifications / Requirements

The nexus studies must include the following components.

Specifications/Requirements for Affordable Housing Linkage Fee Nexus Study

- Identification of Development Impacts on Low and Moderate Income Housing. Identify a) non-residential uses (such as office, hotel, retail, industrial, warehouse/distribution, and/or other) which have an impact on the supply, price of, and demand for affordable housing for very low income households (less than 50% of area median income, or AMI), low income households (50-80% of AMI) and moderate income households (81-110% AMI); and b) quantify those impacts.
- Make Affordable Housing Linkage Fee Recommendations. The study should quantify the cost of building rental and ownership housing in Somerville to meet the needs of very low, low, and moderate income households for prototypical projects and the subsidy amount needed to cover gaps between development costs and affordable rental and sale prices. The study should calculate the maximum fee per square foot that would be required to fully fund the subsidy need and identify potential linkage fee levels consistent with the City's goal of not deterring development. In identifying potential fee levels, the study should consider information on the following:
 - the projected impact of linkage fees on developers (e.g. impact on total development costs, rent levels or room rates and rate of return on investment) and on the pace, growth, and type of non-residential development in the City;
 - linkage ordinances in competing communities, including fee amounts, uses covered, exemptions, if any, for small projects, and fee collection policy (one payment vs. payment over several years); and
 - current and planned City and other public resources for affordable housing development.

The study should also:

- a) identify the minimum square footage of development that should trigger the linkage fee with a specific analysis of the impact of lowering the size threshold for fee assessment to 20,000 square feet;
- b) explore the potential for a graduated fee structure with a lower fee on developments between 20,000 and 30,000 square feet;
- c) consider the "pros" and "cons" of exempting the first 30,000 square feet of developments from

- linkage fee assessment and suggest alternative policy options;
- d) investigate the possibility of an “escalator” clause to link the fee to an economic or development cost index and detail how other cities have implemented this policy;

- Review of Legal Justification: The consultant will outline and review the legal basis for assessing a linkage fee on non-residential development in the City and spending revenue on affordable housing.
- Nexus Study Report and Presentation: The consultant will prepare a Housing linkage nexus study, to be submitted electronically, and work with City staff to prepare a Power Point presentation on it. The consultant should also be prepared and available to present the findings and recommendations of the review to the Mayor and City staff at least twice upon request. The consultant will also present the findings of the study and recommendations to the Board of Aldermen.

Specifications/Requirements for Jobs Linkage Fee Nexus Study

- Identification of commercial development impact on access to job opportunities for Somerville residents: The consultant will project the occupational composition of new employment opportunities created in Somerville, compare to the makeup of the existing Somerville-resident workforce, and analyze/quantify impediments that the Somerville-resident workforce, especially very low, low, and moderate-income workers, will face when competing for new job opportunities in the City.
- Make Jobs linkage fee recommendation: a.) Project resources needed to fund educational and job training programs to help Somerville workers overcome barriers to new job opportunities in the City b.) Recommend an appropriate linkage fee rate and linkage policies necessary to adequately fund workforce development programs.
- Review of Legal Justification: The consultant will outline and review the legal basis for assessing a Jobs linkage fee on non-residential development in the City.
- Nexus Study Report and Presentation: The consultant will prepare a jobs linkage nexus study document, to be submitted electronically, and work with City staff to prepare a Power Point presentation. The consultant should also be prepared and available to present the findings and recommendations of the review to the Mayor and City staff at least twice upon request. The consultant will also present the findings of the study and recommendations to the Board of Aldermen.

If the undersigned is selected, this form will be attached to the contract or subcontract and the certifications made herein shall be incorporated as part of such contract or subcontract. **Complete this form and sign and date where indicated below on page 2.**

Purpose: The purpose of this form is to ensure that such vendors pay a “Living Wage” (defined below) to all covered employees (i.e., all employees except individuals in a city, state or federally funded youth program). In the case of bids, the City will award the contract to the lowest responsive and responsible bidder paying a Living Wage. In the case of RFP’s, the City will select the most advantageous proposal from a responsive and responsible offeror paying a Living Wage. In neither case, however, shall the City be under any obligation to select a bid or proposal that exceeds the funds available for the contract.

Definition of “Living Wage”: For this contract or subcontract, as of **7/1/2016** “Living Wage” shall be deemed to be an hourly wage of no less than **\$12.31** per hour. From time to time, the Living Wage may be upwardly adjusted and amendments, if any, to the contract or subcontract may require the payment of a higher hourly rate if a higher rate is then in effect.

CERTIFICATIONS

2. The undersigned shall post a notice, (copy enclosed), to be furnished by the contracting City Department, informing covered employees of the protections and obligations provided for in the Somerville Living Wage Ordinance, and that for assistance and information, including copies of the Ordinance, employees should contact the contracting City Department. Such notice shall be posted in each location where services are performed by covered employees, in a conspicuous place where notices to employees are customarily posted.

5. The undersigned shall not fund wage increases required by the Somerville Living Wage Ordinance by reducing the health insurance benefits of any of its employees.

The extent of this indemnification shall not be limited by any obligation or any term or condition of any insurance policy. The obligations set forth in this paragraph shall survive the expiration or termination of this Agreement.

8. Default; Termination; Remedies

A. Events of Default

The following shall constitute events of default under this Contract: (1) The Vendor has made any material misrepresentation to the City; or (2) a judgment or decree is entered against the Vendor approving a petition for an arrangement, liquidation, dissolution or similar relief relating to bankruptcy or insolvency; or (3) the Vendor files a voluntary petition in bankruptcy or any petition or answer seeking any arrangement, liquidation or dissolution relating to bankruptcy, insolvency or other relief for debtors; or (4) the Vendor seeks or consents or acquiesces in the appointment of any trustee or receiver, or is the subject of any other proceeding under which a court assumes custody or control over the Vendor or of any of the Vendor's property; or (5) the Vendor becomes the defendant in a levy of an attachment or execution, or a debtor in an assignment for the benefit of creditors; or (6) the Vendor is involved in a winding up or dissolution of its corporate structure; or (7) any failure by the Vendor to perform any of its obligations under this Contract, including, but not limited to, the following: (i) failure to commence performance of this Contract at the time specified in this Contract due to a reason or circumstance within the Vendor's reasonable control, (ii) failure to perform this Contract with sufficient personnel and equipment or with sufficient material to ensure the completion of this Contract within the specified time due to a reason or circumstance within the Vendor's reasonable control, (iii) failure to perform this Contract in a manner reasonably satisfactory to the City, (iv) failure to promptly re-perform within reasonable time the Services or Supplies that were properly rejected by the City as erroneous or unsatisfactory, (v) discontinuance of the Services or Supplies for reasons not beyond the Vendor's reasonable control, (vi) failure to comply with a material term of this Contract, including, but not limited to, the provision of insurance and nondiscrimination; or (8) any other acts specifically and expressly stated in this Contract as constituting a basis for termination of this Contract.

B. Termination Upon Default.

In the event of a default by the Vendor, the City, acting through its Chief Procurement Officer, may, at its option, terminate this Contract immediately by written notice of termination specifying the termination date.

Notwithstanding the above, in the event of a default by the Vendor, the City, acting through its Chief Procurement Officer, may give notice in writing of a default, which notice shall set forth the nature of the default and shall set a date, by which the Vendor shall cure the default, subject to approval of the City.

If the Vendor fails to cure the default, the City, in the alternative, may make any reasonable purchase or contract to acquire goods or services in substitution for those due from Vendor. The City may deduct the cost of any substitute contract or nonperformance together with incidental and consequential damages from the Contract price and shall withhold such damages from sums due or to become due to the Vendor. If the damages sustained by the City exceeds sums due or to become due, the Vendor shall pay the difference to the City upon demand.

Upon immediate notification to the other party, neither the City nor the Vendor shall be deemed to be in default for failure or delay in performance due to Acts of God or other causes factually beyond their control and without their fault or negligence. Subcontractor failure to perform or price increases due to market fluctuations or product availability will not be deemed factually beyond the Contractor's control. The City retains all rights and remedies at law or in equity.

If the Vendor fails to cure the default within the time as may be required by the notice, the City, acting through its Chief Procurement Officer, may, at its option terminate the Contract.

The parties agree that if City erroneously or unjustifiably terminates this Contract for cause, such termination shall be deemed a termination for convenience, which shall be effective thirty (30) days after such notice of termination for cause is provided.

C. Termination For Convenience.

Notwithstanding any language to the contrary within this Contract, the City, acting through its Chief Procurement Officer, may terminate this Contract, without cause at any time, effective upon the termination date stated in the notice of termination. In the event of termination for convenience, the Vendor shall be entitled to be paid for goods delivered and accepted and services rendered and accepted prior to notice of termination at the prices stated in the Contract, subject to offset of sums due the Vendor against sums owed by the Vendor to the City. Any goods or services delivered after notification of termination but prior to the effective termination date must be approved in writing in advance by the City in order to be eligible for payment. In no event shall the Vendor be entitled to be paid for any goods or services delivered after the effective date of termination. The Vendor shall be entitled to no other compensation of any type. In no case shall a Vendor be entitled to lost profits.

D. Obligations Upon Termination.

Upon termination of this Contract with or without cause, the Vendor shall immediately, unless otherwise directed by the City: 1. cease performance upon the stated termination date; 2. surrender to the City the Vendor's work product, which is deliverable under the Contract, whatever its state of completion; and 3. return all tools, equipment, finished or unfinished documents, data, studies, reports, correspondence, drawings, plans, models, or any other items whatsoever prepared by the Vendor pursuant to this Contract, which shall become property of the City, or belonging to or supplied by the City.

E. Rights and Remedies.
