## **1.6 Evaluation Methodology**

### **Comparative Evaluation Criteria**

As projects become final, qualified submissions will be reviewed and rated by the Evaluation Committee ("the Committee") on the basis of the comparative evaluation criteria included in Section 2.0. The City reserves the right to involve an outside consultant in the selection process. The Committee will assign a rating of Highly Advantageous, Advantageous, or Not Advantageous to the comparative evaluation criteria.

The City may request additional information from the Offerors to ensure that the Offeror has the necessary resources to perform the required services. The City may also require an interview of equally rated Offeror teams based on the written submissions before recommending the most “Highly Advantageous” rated Offeror for the award.

The City will enter into contract negotiations with the most responsive and responsible Offeror whose RFQ and interview are deemed to have been the most “Highly Advantageous.”

The City reserves the right to reject any and all responses if it determines that the criteria set forth have not been met.

### **Fee Negotiations**

The City shall request a fee proposal from the most highly ranked Offeror and begin contract negotiations. If the City is unable to negotiate a satisfactory fee with the first-ranked Offeror, negotiations shall be terminated and undertaken with the remaining Offerors, one at a time, in order in which they were ranked by the Committee until agreement is reached. If the City is unable to negotiate a satisfactory fee with any of the finalists, the Mayor may recommend that the Committee select additional finalists from the original pool of applicants or re-advertise the RFQ.

Once successful negotiations have concluded (for a not-to-exceed fee), the City will prepare the contract and submit it to the successful applicant for signature. Upon receipt of the executed contract and all other required documents from the successful Offeror, Purchasing will have the contract signed by the appropriate City officials. This award will result in the issuance of a purchase order to be delivered with a fully executed contract to the selected engineering/design firm. Unless otherwise stated, the issuance of the purchase order and fully

executed contract is tantamount to a Notice to Proceed, at which time the successful applicant will be expected to begin work under the contract.

- Flow monitoring
- Flow isolation
- Television inspection
- Smoke testing
- Dye testing
- Dye flooding
- Other investigation techniques as required.

**Scope of Work**

1. Survey, accurately locate, inspect, evaluate, inventory, and map up to 4,000 sewer manholes (SMHs) in Somerville.
2. Estimate, measure, quantify and document sources of I & I in the SMH network.
3. Incorporate the results of the SMH inventory into the City's GIS database.
4. Report the results of the SMH study, analyzing and prioritizing strategic locations for I & I removal.
5. Design a system-wide rehabilitation program for the SMH network.
6. Prepare design documentation for the rehabilitation of the SMH network including but not limited to Construction Plans, Construction Specification and Traffic Managements Plans.
7. Provide construction bid and award assistance.

**Timeline**

The project will take place over the next twelve (12) months, with possible amendments to incorporate further phases (such as construction administration, project closeout, etc.). The approved adjustment of the Statement of Probable Construction Cost or the Statement of Probable Construction Cost, if there is no adjustment, shall constitute a fixed limit of Construction Cost as that term is used herein. Such fixed limit, once established, shall be adjusted only by written agreement of the City and the Design Professional, or as otherwise provided herein.

### **3.4. CONSTRUCTION DOCUMENT PHASE.**

**3.4.1. Commencement.** The Design Professional's responsibility to provide Basic Services for the Construction Document Phase under this Agreement commences with the City's acceptance and approval of the Design Development Documents and ends on the date the Bidding and Award Phase commences.

**3.4.2. **3.4.4. City-Generated Forms and Documents.** The City shall provide the Design Professional with copies of all City-generated forms and documents intended to be included in the Project Manual. The Design Professional will include these forms and documents in its Project Manual. It is the responsibility of the Design Professional to ensure that all such documents are included in the final Project Manual. Any costs incurred as a result of the failure of the Design Professional to include any such documents will be borne by the Design Professional and not charged to the City, where such failure is the fault of the Design Professional. The Design Professional may propose changes to these City-generated forms and documents; however, implementation of such changes are subject to the unilateral approval of the City. No changes may be made to such documents without the prior written consent of the City. The Design Professional shall prepare and submit to the City for approval the entire Project Manual. The Design Professional shall, to the best of his/her ability, immediately inform the City if any documents are missing or deficient.

**3.4.5. Addenda.** All addenda shall be issued by the Contracting Department; however, at the Contracting Department's sole discretion, the Design Professional may be called upon to prepare

a draft of any such addenda. Any corrections to the Construction Documents which require an addendum will be made by the Design Professional at no charge to the City.

**3.4.6. Printing of Project Manual.** The Design Professional must provide the City with a final draft of the Project Manual and obtain approval from the City prior to printing. The Design Professional will be responsible for the printing of the Project Manuals unless the City instructs the Design Professional otherwise. The cost of producing such Project Manuals will be passed onto the City at cost. Any changes required to be made to the Construction Documents as a result of errors by the Design Professional or persons within its control will be promptly corrected at no cost to the City. The Design Professional shall make its best efforts to print Project Manuals on paper containing a minimum of twenty percent (20%) post consumer content.

**3.4.7. Packaging the Project Manual.** The Design Professional will require the printer of the Project Manual to wrap each set of Plans in a brown wrapper, or, if the Plans are small in number, fold each set of Plans and insert one set into each Project Manual.

### **3.5. BIDDING AND AWARD PHASE.**

**3.5.1. Commencement.** The Bidding and Award Phase commences on the date the Invitation to Bid is first advertised pursuant to M.G.L. c. 149, §44J, or M.G.L. c. 30, §39M, and ends on the date the Construction Phase begins.

**3.5.2. Additional Bidders.** The Design Professional shall assist the City in obtaining bids if, in the opinion of the Contracting Department, an insufficient number of persons requested the Project Manual. The Design Professional will notify "eligible" and "responsible" persons (as those terms are defined in the M.G.L. c. 149, §44A and referred to in M.G.L. c. 30, §39M) of the Invitation to Bid.

**3.5.3. When Lowest Bid Exceeds Total Construction Cost.** If the lowest bona fide bid by a Contractor exceeds the total construction cost of the Project as set forth in the approved Statement of Probable Construction Costs by more than ten percent (10%), then upon the request of the City, the Design Professional will revise the Plans and Specifications in consultation with the City to reduce or modify the quality or quantity, or both, of the Work so that the total construction cost of the Project will not exceed the total construction cost set forth in the Statement of Probable Construction Costs by more than ten percent (10%). All revisions pursuant to this paragraph shall be at the Design Professional's sole cost and expense (which cost and expense include, but are not limited to the Design Professional's time, the cost of reprinting the Project Manual, and the cost of re-advertisement of the Project).

**3.5.4. Pre-Bid Conferences.** The Design Professional shall attend all pre-bid conferences.

**3.5.5. Investigation of Bidders.** The Design Professional shall investigate, at minimum, the lowest Bidder. The investigation shall include, but is not limited to, reviewing the files maintained by the Division of Capital Asset Management, or any other governmental agency

charged with maintaining such documents related to such Bidder, telephoning or writing owners of the Bidder's prior projects, telephoning or writing Design Professionals from such prior projects, visiting the sites of such other projects and checking all other appropriate references. The **Design Professional** shall provide the **City** with a detailed letter of approval or disapproval of such Bidder. The letter must include relevant language from the appropriate state laws regarding the eligibility and responsibility of Bidders (i.e., M.G.L. c.149, §44A(1), M.G.L. c. 30, §39M(c), or, if appropriate, M.G.L. c. 29, §29F). If the **Design Professional** disapproves of the lowest Bidder, then the **Design Professional** must investigate the next lowest Bidder in the same manner described above, and continue to investigate each successive low Bidder until a Bidder is approved. For every Bidder investigated, the **Design Professional** must provide the **City** with a detailed letter as described above.

**3.5.6. Preparation of Contract.** To the extent required, the **Design Professional** shall assist the Contracting Department in the preparation of the construction contract.

### **3.6. CONSTRUCTION PHASE-- ADMINISTRATION OF THE CONSTRUCTION CONTRACT.**

**3.6.1. Commencement.** The Construction Phase commences with the full execution of the contract for construction and terminates on the date of expiration of all of the guarantees and warranties provided by the Contractor to the **City**.

**3.6.2. Change in Design Professional's Duties, Etc.** Construction Phase duties, responsibilities, and limitations of authority of the **Design Professional** shall not be extended without written agreement of the **City** and the **Design Professional**. Any restrictions or modifications to the **Design Professional's** duties and responsibilities can be imposed by the **City** without the consent of the **Design Professional**.

**3.6.3. Pre-construction Conferences.** The **Design Professional** shall attend all pre-construction conferences.

**3.6.4. Site Visits.** The **Design Professional** shall visit the Site at intervals appropriate to the stage of construction, but no less than once a week, or as otherwise agreed by the **City** and the **Design Professional**, to become familiar with the progress and quality of the Work and to determine with care if the Work is proceeding in accordance with the requirements of the Contract Documents. The **Design Professional** shall cause its engineering and other consultants to make similar Site visits, at such times as may be required for observation of portions of the Work designed and/or specified by them. The **Design Professional** shall not be required to make continuous on-site inspections to check the quality or quantity of the Work. The **Design Professional** shall promptly submit to the **City** a detailed written report subsequent to each on-site visit, which shall include any observation of material deviations by the Contractor or subcontractors from the requirements of the Contract Documents.

**3.6.5. Job Meetings.** There shall be no less than one job meeting per week. The **Design Professional** shall attend all job meetings. The number of meetings per week will depend on the complexity of the Project at a particular stage, the problems encountered on the Project, or the **City's** request that additional meetings be held. The **Design Professional** shall also be required to be present when governmental authorities having jurisdiction over the Project visit the Site to inspect the Work. The **Design Professional** will exercise good care and diligence in discovering and promptly reporting to the **City**, as well as to the Contractor, any defects or deficiencies in the Work.

**3.6.6. Construction Means, Methods, Etc.** The **Design Professional** shall not have control over or charge of and shall not be responsible for construction means, methods, techniques,

sequences, or procedures, or for safety precautions and programs in connection with the Work. However, the **Design Professional** shall promptly report to the **City** any perceived irregularities.

**3.6.7. Contractor's Schedule.** Except as otherwise provided in this Agreement, the **Design Professional** shall not be responsible for the Contractor's schedules or failure to carry out the Work in accordance with the Contract Documents, except to the extent that such failure is caused by the **Design Professional**. Except as otherwise provided in this Agreement, the **Design Professional** shall not have control over or charge of acts or omissions of the Contractor, its Subcontractors, or their agents or employees, or of any other persons performing portions of the Work. However, nothing in this paragraph shall relieve the **Design Professional** of its obligations to the **City** elsewhere in this Agreement. The **Design Professional** shall review all schedules presented by the Contractor and advise the **City** as to the appropriateness of same.

**3.6.8. Communications.** The **City** and the Contractor may communicate through the **Design Professional**. Communications by and with the **Design Professional's** consultants shall be through the **Design Professional**, unless the **City** deems it necessary or expedient to speak directly to the consultants.

**3.6.9. Applications and Certifications for Payment.** Based on the **Design Professional's** observations of the Work and evaluations of the Contractor's applications for payment, the **Design Professional** shall review and certify the appropriate amounts due the Contractor within five (5) business days after receipt of the Contractor's application for payment, and such certifications shall be in the form requested by the **City**. The **Design Professional's** certification for payment shall constitute a representation to the **City** based on the **Design Professional's** observations at the site and on the data comprising the Contractor's application for payment that the Work has progressed to the point indicated and the quality of Work is in accordance with the Contract Documents. The foregoing representations are subject to minor deviations from the Contract Documents correctable prior to completion and to specific qualifications expressed by the **Design Professional**. The **Design Professional** is required to review and validate the certified payrolls. The **Design Professional** is required to reconcile the applications for payment with the certified payrolls. The issuance of a certificate for payment shall further constitute a representation that the Contractor is entitled to payment in the amount certified. Timely payment of Contractor is required by M.G.L. c. 30, §39K; therefore, the **Design Professional** shall establish office procedures assuring either immediate mail or messenger delivery of the approved applications for payment to the **City**. Notwithstanding the foregoing, the Mayor's Office of Strategic Planning and Community Development (SPCD) shall be responsible for monitoring and certifying construction payrolls for compliance with prevailing wage requirements (a) if the Contract is a federally funded contract subject to federal Davis Bacon and Related Acts; and/or (b) if SPCD is the Contracting Department.

**3.6.10. Rejection of Work.** The **Design Professional** shall have the responsibility, obligation, and authority to reject Work which (1) does not conform to the Contract Documents; or (2) the **Design Professional** believes to be defective; or (3) the **Design Professional** believes will not produce a completed Project that conforms to the Contract Documents or that will prejudice the integrity of the design concept of the completed Project as a functioning whole as indicated by the Contract Documents. The **Design Professional** shall promptly notify the **City** of such rejection. Whenever the **Design Professional** considers it necessary or advisable for implementation of the intent of the Contract Documents, the **Design Professional** will have the responsibility, obligation, and authority to require additional inspection or testing of the Work in accordance with the provisions of the Contract Documents, whether or not such Work is fabricated, installed, or completed; provided, however, the **Design Professional** must obtain the **City's** prior written approval of any such special inspection or testing. However, neither this authority of the **Design Professional** nor a decision made in good faith either to exercise or not to exercise such authority shall give rise to a duty or responsibility of the **Design Professional** to the Contractor, Subcontractors, Suppliers, other persons performing portions of the Work.

**3.6.11. Submittals.** The **Design Professional** shall review and approve or take other appropriate action upon the Contractor's submittals such as Proposed Change Orders, Shop Drawings, Product Data, and Samples, for the purpose of: (a) determining compliance with applicable laws, statutes, ordinances, codes, orders, rules, and regulations; and (b) determining whether the Work, when completed, will be in compliance with the requirements of the Contract Documents. The **Design Professional's** action shall be taken with such reasonable promptness as to cause no delay in the Work taking into account the time periods set forth in the latest schedule prepared by the Contractor and approved by the **Design Professional** and, in any event, such action shall be taken within fourteen (14) days after submittal to the **Design Professional**. The **Design Professional** shall indemnify the **City** for any monies paid by the **City** to the Contractor as a result of the **Design Professional's** delay in taking appropriate action, as described above, where such delay is not caused in any part by the **City**. Review of such submittals is not conducted for the purpose of determining the accuracy and completeness of other details such as dimensions and quantities or for substantiating instructions for installation or performance of equipment or systems designated by the Contractor, all of which remain the responsibility of the Contractor to the extent required by the Contract Documents. The **Design Professional's** review shall not constitute approval of safety precautions or, unless otherwise specifically stated by the **Design Professional**, of construction means, methods, techniques, sequences, or procedures. The **Design Professional's** approval of a specific item shall not indicate approval of an assembly of which the item is a component. When professional certification of performance characteristics of materials, systems, or equipment is required by the Contract Documents, the **Design Professional** shall be entitled to rely upon such certification to establish that the materials, systems, or equipment will meet the performance criteria required by the Contract Documents.

**3.6.12. Change Orders and Work Change Directives.** The **Design Professional** shall prepare Change Orders and Work Change Directives, with supporting documentation and data if deemed necessary by the **Design Professional** for the approval and execution in accordance with the Contract Documents, and may authorize minor changes in the Work not involving an adjustment in the Contract Sum or an extension of the Contract Time (which is the time in which the Work reaches final completion) and which are not inconsistent with the intent of the Contract Documents.

**3.6.13. Interpretations, Clarifications, and Decisions of the Design Professional.**

**3.6.13.1.** The **Design Professional** will interpret, clarify, and decide matters concerning performance under and requirements of the Contract Documents on written request of either the **City** or the Contractor. The **Design Professional's** response to such requests will be made with reasonable promptness and within the time set forth herein. Any such written interpretations, clarifications, or decisions shall be binding on the **City** and the Contractor. Interpretations, clarifications, and decisions of the **Design Professional** shall be consistent with the intent of and reasonably inferable from the Contract Documents and shall be in writing or in the form of drawings. The **Design Professional** may, as the **Design Professional** judges desirable, issue additional drawings or instructions indicating in greater detail the construction or design of the various parts of the Work; such drawings or instructions may be effected by a Field Order or other notice to the Contractor, provided such drawings or instructions are reasonably consistent with the previously existing Contract Documents. The **Design Professional** shall not be liable for results of interpretations, clarifications, and decisions so rendered in good faith and in the absence of negligence by the **Design Professional**.

**3.6.13.2. Time Limit for Rendering Decisions.** The **Design Professional** shall render written interpretations, clarifications, and decisions within a reasonable time, but in no event more than seven (7) days after receipt of same.

**3.6.14. Aesthetic Effect.** The **Design Professional's** decisions on matters relating to aesthetic effect must be consistent with the **City's**. The **Design Professional** shall advise the **City** in matters relating to aesthetic effect; however, the **City's** decision in these matters shall be final.

**3.6.15. Claims.**

**3.6.15.1. Initial Referral.** All Claims, the bases of which arise prior to final payment or the earlier termination of the Contract, shall be referred initially to the **Design Professional** for action as provided herein.

**3.6.15.2. Time Period and Action.** The **Design Professional** shall review Claims and shall do one of the following within seven (7) days of receipt of the Claim:

**3.6.15.2.1.** defer any action with respect to all or any part of a Claim for the purpose of requesting and receiving additional information from either party;

**3.6.15.2.2.** decline to render a decision for any reason which it deems appropriate (including, but not limited to, the fact that the Claim involves allegations of fault on the part of the **Design Professional**); or

**3.6.15.2.3.** render a decision on all or a part of the Claim.

If the **Design Professional** requests additional information, the **Design Professional** shall take action with respect to the Claim no later than seven (7) days after receipt of the additional information. The **Design Professional** shall notify the parties in writing of its disposition of such Claim. If the **Design Professional** decides that the Work relating to such Claim should proceed regardless of its disposition of such Claim, the **Design Professional** shall issue to the Contractor a written order to proceed.

**3.6.15.3. Decisions.**

**3.6.15.3.1. Decisions by the City or the Design Professional.** (*Reference: M.G.L. c. 30, §39P*). In every case in which this Contract requires the **City**, any official, or its **Design Professional** to make a decision on interpretation of the Specifications, approval of equipment, material or any other approval, or progress of the Work, the decision shall be made promptly and, in any event, no later than seven (7) days after the written submission for decision; but if such decision requires extended investigation and study, the **City**, the official, or the **Design Professional** shall, within seven (7) days after the receipt of the submission, give the party making the submission written notice of the reasons why the decision cannot be made within the seven-day period and the date by which the decision will be made.

**3.6.15.4. Resolved Claims.** If a Claim is resolved, the **Design Professional** shall obtain or prepare the appropriate documentation and provide the **City** and the Contractor with a copy of same.

**3.6.16. Determination of Substantial and Final Completion.** On behalf of the **City**, the **Design Professional** shall conduct inspections, determine the dates of Substantial Completion and final completion, and shall issue a certificate of Substantial Completion, with the prior written consent of the **City**. Such inspections shall include a reasonable number of Site visits by the **Design Professional** and the **Design Professional's** engineering consultants. The **Design Professional** shall provide to the **City** a written report of all findings with recommendations for appropriate action. The **Design Professional** will receive and review (and approve or disapprove, as the case may be) written guarantees, operating manuals, spare parts lists, value charts, and

related documents required by the Contract Documents to be assembled by the Contractor. When the **Design Professional** is satisfied that all such documents are complete as required by the Contract Documents, the **Design Professional** shall issue a final certificate of payment.

**3.6.17. Inspection Prior to End of Guarantee Period.** Notwithstanding any other provision in this Agreement, at least thirty (30) days prior to the expiration of the Contractor's guarantee period, the **Design Professional** shall assist the **City** in inspecting the Project at the **City's** request and provide to the **City** a written report of all findings with recommendations for appropriate action. Such inspections shall include a reasonable number of Site visits by the **Design Professional** and the **Design Professional's** engineering consultants.

**3.6.18. Certificate of Occupancy.** The **Design Professional** shall be responsible for satisfying any and all requirements with respect to services of an Design Professional necessary to obtain a permanent certificate of occupancy under the Commonwealth of Massachusetts State Building Code.

**3.6.19. Limitation on the Design Professional's Responsibilities.**

**3.6.19.1.** Neither the **Design Professional's** authority to act under the provisions of the Contract Documents nor any decision made by the **Design Professional** in good faith to exercise or not to exercise such authority shall give rise to any duty or responsibility of the **Design Professional** to the Contractor, any Subcontractor, any Supplier, any surety for any of them, or any other person. The **Design Professional** will not have control over or charge of and will not be responsible for construction means, methods, techniques, sequences, or procedures, or for safety precautions and programs in connection with the Work, since these are solely the Contractor's responsibility as provided in Article 5 of the General Terms and Conditions. The **Design Professional** will not be responsible for the Contractor's failure to carry out the Work in accordance with the Contract Documents. The **Design Professional** will not have control over or charge of and will not be responsible for acts or omissions of the Contractor, Subcontractors, Suppliers, or of any other persons performing portions of the Work.

**ARTICLE 4**

**DESIGN PROFESSIONAL'S ADDITIONAL SERVICES**

**4.1. IN GENERAL.** The services described hereunder shall be paid for by the **City** in addition to the compensation for Basic Services. Prior to performing any service which the **Design Professional** claims to be an Additional Service, the **Design Professional** shall notify the **City** in writing that the service is an Additional Service, and shall provide with such notice an estimate of the additional compensation which will be payable to the **Design Professional** for performing such service. Such service shall not be performed, nor shall such estimate be exceeded, without the **City's** prior written approval. Failure to so notify the **City** and obtain the **City's** written approval shall constitute a waiver of the **Design Professional's** claim for additional compensation on account of such services. These services shall be provided only if authorized or confirmed in writing by the **City**. Notwithstanding anything to the contrary in this Agreement, the **City** shall not be responsible to pay and the **Design Professional** shall not be entitled to receive compensation for any additional service if such service was required due to the fault

of the **Design Professional** or the **Design Professional's** failure to perform in accordance with the terms of this Agreement. Neither the **Design Professional** nor its consultants shall be compensated for any services involved in preparing changes that are required for additional Work that should have been anticipated by the **Design Professional** in the preparation of the Construction Documents, as reasonably determined by the **City**.

**4.2. LIST OF ADDITIONAL SERVICES.** The following list of Additional Services is intended to be illustrative and not considered all inclusive.

**4.2.1.** Making major revisions in Plans, Specifications, or other documents when such major revisions are:

**4.2.1.2.** required by the enactment or revision of codes, laws, or regulations subsequent to the preparation of such documents; or

**4.2.1.3.** due to changes required as a result of the **City's** failure to render decisions in a timely manner and where such failure is in no way caused by the **Design Professional**.

**4.2.2.** Providing services required because of major changes in the Project instigated by the **City**.

**4.2.3.** Undertaking material design work requested by the **City** in connection with Change Orders, Construction Change Directives, and the Contractor's value engineering proposals, provided that evaluation and judgments of the proposed changes and value engineering substitutions shall be provided as a Basic Service.

**4.2.4.** Providing consultation concerning replacement of Work damaged by fire or other cause during construction, and furnishing services required in connection with the replacement of such Work; provided, however, that such services are not required as a result of the negligence of the **Design Professional**.

**4.2.5.** Providing any other services not otherwise included in this Agreement.

The City shall be permitted to retain copies, including reproducible copies, of the **Design Professional's** Plans, Specifications, and other documents for information and reference in connection with the City's use and occupancy of the Project. The **Design Professional's** Plans, Specifications, or other documents shall not be used by the City or others on other projects, except by agreement in writing. However, it is expressly understood and agreed that the City shall have the right to utilize the Plans, Specifications, and other documents in the event the City expands the Project, corrects any deficiencies, or makes any renovations or repairs to the Project. In the event of termination or purported termination of this Agreement by either party, the City may use the Plans, Specifications, and other documents in connection with the Project, notwithstanding any dispute between the City and the **Design Professional** as to the reason for validity of the termination, provided only that the **Design Professional** has been paid for its work through the date of the termination, unless the matter of such payment is subject to litigation or other dispute resolution procedure provided for herein.

**7.2. OFFICIAL REGULATORY REQUIREMENTS.** Submission or distribution of the Plans, Specifications, and other documents to meet official regulatory requirements or for similar purposes in

connection with the Project is not to be construed as publication in derogation of the **Design Professional's** reserved rights herein.

## ARTICLE 8
