## **B. Introduction**

Firms interested in providing Public Construction Manager at Risk Services (“CM” or “CM at Risk”) for the Project are invited to submit a Statement of Qualifications (“SOQ”) to the City of Somerville. This CM at Risk services procurement is conducted pursuant to M.G.L. Chapter 149A, contained in Chapter 193 of the Acts of 2004. This Request for Qualifications (“RFQ”) is the first phase of a two-phase procurement process as set forth in MGL Chapter 149A. The City of Somerville is prequalifying firms interested in providing public CM at Risk services for the project through this RFQ process. The City of Somerville will evaluate submitted SOQs based upon the identified evaluation criteria and will select those respondents it deems qualified. Only those respondents deemed qualified will be invited to submit a Proposal in response to a detailed Request for Proposals (“RFP”) which will be issued in the second phase of the procurement process. The project delivery method for construction will be public CM at Risk with a Guaranteed Maximum Price (“GMP”) under M.G.L. Chapter 149A. **Firms interested in being prequalified must demonstrate that they have prior experience as a Construction Manager on at least three CM at Risk projects and have completed at least one project of a similar complexity, type, and size as this project as it is described further below. The prior CM at Risk projects must have been completed within the last ten (10) years.**

## **C. Project Description**

The proposed project, located at 81 Highland Avenue, is a six-story fully comprehensive High School totaling approximately 373,000SF and associated site improvements, including a 150 vehicle parking garage with play field above. It is anticipated that the building will be completed in two primary phases, each lasting approximately 2 years. Upon completion and occupancy of the new building, selective abatement & demolition of the existing buildings will occur in a third phase to make way for a new parking garage and play fields. The project will include work associated with two historically significant structures; the 1895 “central academic” building will be stabilized and isolated during the project and the 1929 “war memorial” will be renovated and incorporated into the new building. The existing field house and space below, constructed in 1986, will also undergo substantial renovations as part of the project. Total project duration is currently estimated at 66 months. The High School will remain occupied throughout the construction effort and it is anticipated that modular classrooms will be required to accommodate students during complex project phasing efforts. The project is currently in the Schematic Design phase, the selected CM will be required to perform a detailed Schematic estimate immediately upon contract award.

It is the intention of this project to produce a Massachusetts LEED **Silver** certifiable facility.

The project will be subject to the minimum wage rates set under the Massachusetts Prevailing Wage Laws. Workforce utilization goals will apply to the project.

The Minority Business Enterprise and Women Business Enterprise (MBE/WBE) participation goal for this Contract is a combined goal of 10.4 %. The combined goal requires a reasonable representation of both MBE and WBE firm participation on the project as further set forth in the Owner-CM Agreement and the General Conditions of the contract.

Pursuant to M.G.L. c. 30, §39S(a)(2) all employees to be employed on the Project must have successfully completed a course in construction safety and health approved by OSHA and of at least 10 hours in duration.

A site visit will not be conducted at the RFQ phase. Drawings, specifications, and other documents will not be available to respondents during the RFQ phase.

#### **D. Project Schedule**

The architectural firm of Symmes Maini & McKee (SMMA) is currently completing the Schematic Design phase of this project under MSBA guidelines. The City anticipates that conclusion of the SD phase will occur with a favorable vote of the MSBA Board of Directors at their meeting on February 25, 2017. Detailed Design is expected to last through 2017 and into 2018, with early bid packages becoming available in the Spring of 2018. It is anticipated that the Construction Manager will be under contract while the construction documents are being developed, with a possible construction start in the Spring of 2018. Construction is expected to be completed in the Summer/Fall of 2023. It is intended that the building be fully functional and occupied by August 2022.

Interested firms are cautioned that the City's Application to Proceed with CM @ Risk was submitted to the Massachusetts Office of the Inspector General (OIG) on August 3<sup>rd</sup> 2016. It should be noted that this RFQ solicitation is concurrent to the OIG's review and that selection of a Construction Manager and subsequent contract award is conditioned upon prior receipt of OIG approval.

#### **E. Construction Manager at Risk Two-Phase Selection Process**

The CM selection process is a two-phase process as set forth in M.G.L. c. 149A, contained in Chapter 193 of the Acts of 2004. Phase One, the Request for Qualifications, RFQ phase, is the qualifications phase. Only firms selected during the Phase One prequalification phase will be permitted to participate in Phase Two, the Request for Proposals, RFP phase used to select a CM firm. The RFQ phase will be used to prequalify construction management at risk firms. Interested firms must submit a Statement of Qualifications, SOQ, by the deadline set for submission. The City of Somerville will appoint and assemble a prequalification committee ("Prequalification Committee") to review and evaluate the SOQs received. The City anticipates concluding the RFQ evaluation process within 30 days from submission of SOQs. **Only those firms determined to be qualified by the Prequalification Committee will be invited and permitted to submit a proposal in response to the Phase Two, RFP. Firms that are not selected as qualified by the Prequalification Committee and firms that do not participate in the RFQ phase will be precluded from participating in the RFP CM selection phase.**

**This RFQ is Phase One of the procurement process.** After the deadline for the submission of SOQs has passed the City will prepare a register of the names of the firms submitting SOQs which will be available for public inspection. The Prequalification Committee will review and evaluate the SOQs submitted, information contained in the DCAM certification files, information on prior project performance, information obtained from references, information obtained from governmental agencies and entities, and such other information as may be obtained. The City of Somerville, at its sole discretion, may request additional information to clarify or supplement the information obtained.

Based upon its review and evaluation, the Prequalification Committee will prepare a written evaluation that provides an overall composite rating and a specific rating for each of the evaluation criteria for each of the CM firms that have submitted complete materials as required by this RFQ. These ratings will be "qualified" or "not qualified", or such additional rating as the Prequalification Committee finds reasonable. The Prequalification Committee shall rate the respondents based on the composite ratings. Firms receiving an overall composite rating of "not qualified" will not be deemed qualified. The Prequalification Committee shall endeavor to identify at least three CM firms which it

deems qualified. If the Prequalification Committee does not rate at least three CM's as qualified, it will either repeat the RFQ process or procure the project under the provisions of M.G.L. c. 149, §44A-44J. The City shall complete the Phase One process by written notice to all firm's advising them as to whether they were prequalified or not and those CM firms deemed qualified will be invited to participate in Phase Two (RFP).

**In Phase Two a detailed Request for Proposals for CM at Risk will be issued to the CM Firms deemed qualified in this Phase One prequalification process.** The RFP Selection Committee (Selection Committee) will evaluate the proposals on multiple factors, rank the proposals based on the composite ratings including their fee proposal, make a recommendation for the preferred CM Firm to Somerville City Hall, and commence negotiations with the highest ranked CM at Risk Firm. In the event negotiations with the highest ranked firm will not result in a contract acceptable to the City, negotiations will be terminated and negotiations will commence with the next highest ranked firm, and the process will continue until the City can reach an acceptable contract with one of the prequalified CM at Risk firms that submitted an advantageous proposal.

#### **F. Treatment of Information submitted**

The City of Somerville shall have no obligation to treat any information submitted in or in connection with a SOQ as proprietary or confidential, with the exception of the audited financial statement which is deemed confidential. The City's obligation with respect to protection and disclosure of such information shall at all times be subject to applicable laws, including the Massachusetts Public Records law. The audited financial statement shall remain confidential and shall not be a public record to the fullest extent permissible under the law. Somerville shall have the right to use all or portions of the SOQ and accompanying information, as it considers necessary or desirable in connection with the Project. By the submission of a SOQ, the respondent thereby grants to Somerville an unrestricted license to use the SOQ, including all materials submitted therewith, in connection with the Project.

#### **G. Communication between Somerville's Project Team and Respondents**

**Unauthorized communications or contact between CM firms, their employees, agents or other related entities interested in submitting SOQs and the City's Project team, including the project designer or program manager, or any other person or entity participating on the Prequalification Committee or Selection Committee with regard to this project are strictly prohibited.** The only authorized communications shall be 1) inquiries to Somerville's Purchasing Department or the Owner's Project Manager for general information about obtaining the RFQ, RFQ submission deadlines, and the existence of any relevant addenda to the RFQ; and 2) general inquiries about the RFQ process and Somerville's CM at Risk Program can be made to Chad Crittenden, PMA Consultants LLC, Owner's Project Manager, at (781) 519-1076 or via email at [ccrittenden@pmaconsultants.com](mailto:ccrittenden@pmaconsultants.com), no project specific inquiries will be permitted; and 3) the City's purchasing department may initiate contact to advise firms of CM at Risk project opportunities.

Any issues brought to the City's attention which require additional clarification will be addressed by issuing a written addendum. Oral and other clarifications will be without legal effect. All such addenda will be considered part of this RFQ, and the respondent shall be required to acknowledge receipt of all addenda on the RFQ Proposal Response Form attached to this RFQ. ProjectDog will provide electronic copies of addenda to all respondents who have registered and requested the RFQ, and will post the addenda on the web site [www.projectdog.com](http://www.projectdog.com) in the listing for this Project. It shall

be the sole responsibility of the Respondent to ascertain the existence of any and all addenda issued by the City of Somerville.

From the date of issuance of this RFQ, any respondent that contacts directly or indirectly any appointed official, elected official, or employee of the City of Somerville, or the owner's designer or program manager, or any member of the selection team in connection with the selection process or the contract contemplated herein for this project is subject to disqualification. Contact is permitted for the purpose of obtaining a copy of this RFQ or to submit a verbal or written question or request for clarification as prescribed above in this section.

#### **H. Status of Request for Qualifications**

This Request for Qualifications is solely a request for information. It does not represent an offer nor does it confer any rights on any respondent. The City of Somerville shall not be responsible under any circumstances for any costs incurred by any respondents to this RFQ. The City reserves the right to modify, suspend or cancel this procurement at any time at its sole discretion.

## **II. Scope Of Services for Construction Management**

---

*The Construction Manager shall be responsible for complete construction management services for all phases of the project for a guaranteed maximum price. At each phase, the City of Somerville, at its sole discretion will determine whether it will proceed to the next phase or terminate Construction Manager services on the project. Certain trade construction work will be procured using procedures similar to the Mass General Laws Chapter 149 Filed Sub-bid laws after a pre-qualification process. The procedure is specified in Chapter 193 of the Acts of 2004 in the new Mass. General Laws Chapter 149A. A detailed scope of services will be included in the Request for Proposals. The following is an outline of services anticipated.*

### **A. Pre-Construction (Design) Phase**

1. Review and recommend revisions, if appropriate, to the project master Schedule, Construction Budget and permitting plan developed by the City's project team.
2. Develop the scope of work and prepare bid packages in concert with the Designer for each trade to be bid and participate in the prequalification and qualification of each of the Trade Contractor and other subcontractors as defined by law.
3. Attend and, if requested by the City, schedule and lead periodic project meetings and special meetings for the exchange of information concerning the project, and review of design progress, permits and approvals. All meetings shall be held at a location and time convenient to the City of Somerville's Project Manager.
4. Review the design documents and other construction documents and make recommendations to the project team as to value engineering, constructability, suitability of materials and equipment, scheduling, time, methods and sequence of construction, and the clarity, consistency and coordination of documentation.
5. Perform periodic detailed cost estimates for the entire construction and for phases or portions of the work as directed by the City, and work with the project designer and OPM to reconcile differences.
6. Perform detailed cost estimates and value engineering analyses during the development of Schematic Design, Design Development, and Construction Documentation phase of the project. The CM shall work with the Designer and OPM to reconcile differences.
7. The City may require additional cost estimates to confirm budget due to modifications made via design workshops. The CM shall work with the Designer and OPM to reconcile differences.
8. The CM shall assign a professional project scheduler possessing building and site design and construction experience. If deemed qualified by the City of Somerville, the CM can assign an in-house scheduler. Develop a detailed critical path method (CPM) schedule that identifies all design activities, permits and all other activities required to be completed before construction activities can begin and a preliminary construction schedule. The CPM project schedules shall be developed using Primavera's version P6 or newer.

9. Develop, in coordination with the OPM, a system for tracking project costs and cash flow.
10. Conduct activities relating to the procurement and award of Trade Contracts and all other contracts for the furnishing of labor, materials, equipment, or other services in connection with the construction of this project, in accordance with procedures to be developed by the City and in a manner that will meet Minority Business Enterprise and Women Business Enterprise goals set for the project.

**B. Construction Phase**

1. Obtain and pay for all required construction related permits.
2. Furnish bonds and insurance as required by the contract documents.
3. Provide and maintain a construction site office and provide all site management and administration.
4. Manage and coordinate all Trade Contractors and subcontractors and others engaged in the performance of the work.
5. Meet the Women Business Enterprise and Minority Business Enterprise participation goals and minority work force goals for the Project.
6. Implement procedures following the City's standards for reviewing and processing requests for information or clarifications and interpretations of the contract documents; shop drawings, samples, and all other submittals, contract schedule adjustments, change order proposals, proposals for substitutions, payment applications, as-built drawings, and maintenance of logs using an acceptable internet-based system software.
7. Continuously supervise and observe all work in progress so as to ensure that the work is proceeding in accordance with the construction contract documents.
8. Attend and, if requested by the City, schedule and lead regular project and construction progress meetings, and conduct regular meetings at the site with each subcontractor. All meetings shall be held at a location and time convenient to the City's Project Manager.
9. Develop and implement a change order control system using internet based system software.
10. Establish and implement a Quality Control program including monitoring the quality programs of all subcontractors.
11. Develop and implement a projectwide safety program, including monitoring and enforcement of the program for Trade and subcontractors.
12. Monitor closely the progress of construction of each subcontractor, prepare a construction schedule report at least monthly and, if and as necessary, prepare and submit recovery schedules.
13. Provide a part-time independent, project-dedicated scheduler to develop, maintain and update the detailed CPM schedule.

14. Furnish monthly reports concerning the progress of the work which address: (a) compliance with the construction schedule, (b) status of testing and inspection activities performed by the CM and subcontractors, (c) status of shop drawings and submittals, (d) status of change orders, (e) status of MBE/WBE participation, and (f) other matters relating to the progress of work as directed by the City.
15. Determine when each subcontractor's work is substantially complete and prepare a list of incomplete work and work which does not conform to the requirements of the construction documents.
16. Maintain complete and accurate records, including (a) correspondence, (b) meeting notes and minutes, (c) shop drawings and submittals, (d) construction documents including change orders, (e) clarifications and interpretations of the construction documents issued by the project designer, (f) progress reports including observations of testing performed, (g) as-built drawings, and (h) all other project related documents including but not limited to those utilizing the internet based system software.

**C. Post-Construction Phase**

In accordance with the project designer, develop and implement procedures for orderly completion of punch list items, checkout of utilities, operational systems and equipment and initial start up and testing. Preparation and delivery to the the City warranties, as built drawings, maintenance manuals, and the like, and generally administer closeout of the project. Ensure performance of all warranty obligations, resolution of all claims, and other post-construction requirements.

## III. Submission Instructions and Requirements and Evaluation Criteria

---

### A. Submission Deadline

**2:00 P.M.** on the Date indicated on cover and page 1

Statements of Qualification received later than the submission deadline specified above will be rejected. Respondents are cautioned to allow sufficient time for completion of electronic submissions. Hard copy qualifications will not be accepted. Qualification statements will not be opened or read publicly.

### B. Electronic Submittal Instructions

Qualifications statements shall be submitted electronically at [www.Projectdog.com](http://www.Projectdog.com) via Project Code **815385** no later than **2:00PM on September 28, 2016**. Hard copy qualification statements will not be accepted by the Awarding Authority.

Go to [www.Projectdog.com](http://www.Projectdog.com) and click “Sign Up” for free registration, or login with an existing account. Enter Project Code **815385** in the project locator box. Select “Acquire Documents” to download documents. Complete, combine, and save all required forms as a single PDF file. Please be sure to sign all required forms either digitally or manually. Once all forms are complete, select the “GC E-Bid” link to upload. To complete submission, select “Submit My E-Bid.” Qualifications statements may be submitted or replaced at any time prior to the submittal deadline; once submitted it cannot be edited. Select “Retract my E-Bid” to make any necessary changes and then submit it again. Upon submitting or retracting the contractor will receive a convenience email for informational purposes only. If an addendum is issued after a qualifications statement has been submitted, the contractor will receive an automated email for informational purposes only stating the contractor must review additional addenda. It is the contractor’s responsibility to review and confirm online that the qualifications statement has been submitted and/or retracted and that all forms are 100% true, complete and accurate.

Questions regarding the website should be directed to Projectdog at (978) 499-9014, Monday – Friday between 9AM-5PM.

### C. Submission Requirements

The respondent **must** submit all of the information and documentation listed below. Selection of the respondents for Phase One, the prequalification process will be based on the submitted information and materials, information on prior project performance, information obtained from references, information obtained from governmental agencies and entities, information contained within DCAM certification files, and such other information as may be obtained.

**Do not include superfluous material. Respondents must include the CM at Risk Statement of Qualifications Response Form attached below and signed by an authorized representative, and all of the forms and materials required for Schedules A through L.** Respondents must give complete and accurate answers to all questions and provide all of the information requested. Respondents can not alter the text of the forms or schedules in any way, any such alteration will be grounds for disqualification. Making a materially false statement in this submission is grounds for

rejecting a Statement of Qualifications submission and may subject the respondent to other civil or criminal penalties.

1. Qualifications Application: Respondent **must complete** the CM at Risk Qualifications Application **Schedule A** attached to the SOQ below. Joint ventures must provide information about each of the joint venture partners.
2. Executive Summary: Respondent **must attach** as **Schedule B** to the SOQ a cover letter or executive summary detailing the key elements and factors that differentiate the respondent firm from other firms. Joint ventures must provide information about the nature of the joint venture including the approximate percentage participation by each joint venture partner and the division of responsibility among the joint venture partners. This letter/executive summary should not exceed 6 pages.
3. Management Personnel and Project Organizational Chart: Respondent **must complete** **Schedule C** attached to the SOQ below, and **must attach** at Schedule C *both*: i) an organizational chart *and* ii) a resume for each and every person who will have **any** management responsibility, direct or indirect, for the Project, including but not limited to project executives, project managers, field superintendents and field engineers. Joint ventures must identify the company that employs each individual listed.
4. Similar Project Experience: Respondent **must complete** **Schedule D** attached to the SOQ below, listing similar projects for the last ten (10) years. The first part of Schedule D requests information for similar projects that used the construction manager at risk delivery method and the second part of Schedule D requests information on similar projects in general. For each project, respondent must include the name of the project, location, description of project, description of respondent firm's scope of work, original contract sum, final contract sum (with explanation), date completed and the name, organization, address and telephone contact information for the owner and project architect for each such project. For the purpose of this RFQ, "similar projects" shall mean projects where the construction cost for the project were for an amount similar to the estimated construction cost of this Project; the project was one of similar complexity; the project was of a similar type or scope; and the project was the approximate size of this Project or larger. Joint ventures must complete a Schedule D for each individual joint venture partner.
5. Terminations and Legal Proceedings: Respondent **must complete** **Schedule E** (all parts and subparts) attached to the SOQ below. **Part A** of Schedule E requires a complete listing of each and every project on which the respondent firm was **terminated or failed to complete** the work within the past five (5) years. **Part B** of Schedule E requires a complete listing of any **convictions or fines** incurred by the respondent firm or any of its principals for violations of any state or federal law within the past three (3) years. **Part C** of Schedule E is divided into three (3) subparts. **Section 1** of **Part C** requires a complete listing of **all litigation** involving a construction project or contract (excluding personal injury and workers' compensation) whether currently pending or concluded within the past three (3) years in which the respondent firm was a named party. **Section 2** of **Part C** requires a complete listing of all **administrative proceedings** involving a construction project or contract, whether currently pending or concluded within the past three (3) years, in which the respondent firm was a named party. **(NOTE: Administrative Proceedings** shall include: (i) any action taken or proceeding brought by a governmental agency, department, or officer to enforce any law, regulation, code, legal, or contractual requirement, except for those brought in state or federal courts; (ii) any action

taken by a governmental agency, department, or officer imposing penalties, fines, or other sanctions for failure to comply with any such legal or contractual requirement, or (iii) any other matter before an administrative body.) **Section 3 of Part C** requires a complete listing of all **arbitrations** involving a construction project or contract, whether currently pending or concluded in the past three (3) years, in which the respondent firm was a named party. Joint ventures must complete all parts and subparts of Schedule E for each individual joint venture partner.

6. **Safety Record:** Respondent **must provide** its experience modifier for the past three years by writing it in on the SOQ in the space provided and **must also attach at Schedule F** to the SOQ documentation from its insurance carrier of its Workers' Comp. Experience Modifier for the past three years. Joint ventures must complete a Schedule F for each individual joint venture partner.
7. **MBE/WBE and Workforce Compliance Record:** Respondent **must complete Schedule G** attached to the SOQ below providing information on the firm's compliance record with respect to Minority Business Enterprise and Women's Business Enterprise participation goals and workforce inclusion goals for each and every project completed within the past five (5) years that had contractual MBE/WBE participation goals or minority and women workforce goals. In addition, respondent **must attach documentation** provided by the project owner or independent project manager supporting the actual participation and inclusion amounts it reports on Schedule G. Joint ventures must complete a Schedule G for each individual joint venture partner.
8. **Audited Financial Statement:** Respondent **must attach at Schedule H** to the SOQ a complete copy of its audited financial statement for the most recent fiscal year. Joint ventures must complete a Schedule H for each individual joint venture partner.
9. **Letter from Surety Company Evidencing Bonding:** Respondent **must attach at Schedule I** to the SOQ a letter from a surety company that is licensed to do business in the Commonwealth and whose name appears on United States Treasury Department Circular 570 on the surety company's letterhead (or a letter from a surety agent with attorney in fact authority and an original power of attorney accompanying the letter) confirming that it will provide respondent firm with payment and performance bonds on the Project in an amount equal to or greater than 110 per cent of the estimated construction cost of the Project. This letter can either reference the joint venture's bonding or submit separate letters for each individual joint venture partner.
10. **Certificate of Eligibility and Update Statement:** Respondent **must attach at Schedule J** to the SOQ **both: i)** a current **Certificate of Eligibility** (issued by DCAM) showing respondent is certified in General Building Construction with appropriate single project limits and aggregate limits as set forth above, **and ii)** a completed **Update Statement** on the current form of Update Statement available on DCAM's website. Joint ventures which are not yet DCAM certified as a joint venture must submit a Certificate of Eligibility and Update Statement for each individual joint venture partner.
11. **Examples of Project Management Reports and Operating Philosophy:** Respondent **must attach at Schedule K** specific examples (no more than 3) of Project Management Reports that were prepared by respondent on one or more of the Construction Manager projects listed on Schedule D, Part A. In addition respondent **may**, at its option, include a brief statement of its operating philosophy. If information on respondents operating philosophy is contained in its

Executive Summary attached at Schedule B the information should not be repeated at Schedule K, but can be referenced.

12. Examples of Prior Experience on Sustainable construction and LEED--certified buildings: Respondent **must complete Schedule L** attached to the SOQ below, listing prior project experience involving sustainable construction and LEED certified buildings. Joint ventures must complete a Schedule L for each individual joint venture partner.

#### **D. Evaluation Criteria for Selection**

The respondent must submit all of the information and documentation listed in this RFQ. Selection of the respondent for Phase One, the prequalification process will be based on the submitted information and materials, information on prior project performance, information obtained from references, information obtained from governmental agencies and entities, information contained within DCAM certification files, and such other information as may be obtained. Respondents must include the CM at Risk Statement of Qualifications Response Form and all of the materials required for Schedules A through L. Respondents must give complete and accurate answers to all questions and provide all of the information requested. Altering the text of the forms or schedules in any way or making a materially false statement in this submission is grounds for rejecting a Statement of Qualifications submission and may subject the respondent to other civil or criminal penalties.

#### **1. Certification, Capacity and Bonding**

##### **a. Required Construction Manager at Risk Experience**

**All respondents must have prior experience as a Construction Manager on at least three prior Construction Manager at Risk projects with a GMP and must have completed at least one project within the last ten (10) years with a total construction cost in an amount similar to the estimated total construction cost of this Project and must be of similar complexity, similar type construction, and similar size.**

##### **b. Bonding Capacity**

The respondent **shall provide evidence of bonding capability** in an amount equal to or greater than 110 percent of the estimated construction cost for this Project (as set forth in the General Information section above). The evidence of bonding capability shall be in the form of a letter from the surety company (or a surety agent with attorney in fact authority and an original power of attorney accompanying the letter) The surety company must be a surety licensed to do business in the commonwealth and whose name appears on the United States Treasury Department Circular 570).

##### **c. DCAM Certification - Copy Form CQ7**

The respondent **must provide a copy of a current Certificate of Eligibility** (Form CQ7) issued by DCAM showing respondent is DCAM certified in General Building Construction with a single project limit in an amount equal to, or greater than, the estimated construction cost for this Project (as set forth in the General Information section above).

To submit a proposal in response to this RFQ, a Respondent whether an individual firm or a joint venture, **must be certified in General Building Construction** by DCAM for a single

project limit in the amount of the Estimated Construction Cost set forth above for the Project or greater and must also be within the aggregate limits of its DCAM Certificate of Eligibility (Form CQ7), and a copy of the Respondent's current DCAM Certificate of Eligibility must be included in the SOQ. Note, however, that a joint venture team must be certified in General Building Construction by DCAM for a single project limit in the amount of the Project Estimated Construction Cost or greater and must also be within the aggregate limits of its DCAM Certificate of Eligibility, a copy of which must be included in the SOQ at the time its submits its RFQ. If a respondent to the RFQ is a proposed joint venture ("JV") that is newly formed or is not currently certified, then: i) each party to the proposed joint venture must be individually certified by DCAM and must submit a copy of its DCAM Certificate of Eligibility with its SOQ; ii) the JV respondent must state in the SOQ that it will seek Certification from DCAM as a joint venture in the category of General Building Construction for the required limits, and state that it understands and agrees that if JV respondent is selected to participate in the RFP phase it will be required to submit a DCAM Certificate of Eligibility for the joint venture with its response to the RFP; iii) at least one of the parties to the joint venture must be certified by DCAM in the category of General Building Construction for a single project limit of in the amount of the Estimated Construction Cost for the Project and must be within the aggregate limits of its Certificate of Eligibility at the time the SOQ is submitted; and iv) the JV respondent shall provide evidence satisfactory to the City of Somerville of bonding capacity, in the form set forth above and satisfactory to the City, for the proposed joint venture in the amount of the Estimated Construction Cost for the Project. In the second phase of the selection process the RFP phase, a JV respondent that has been selected in the RFQ process, will be required to have obtained a DCAM Certificate of Eligibility for the joint venture and must submit its DCAM Certificate of Eligibility for the joint venture meeting the above requirements with its proposal in response to the RFP.

For certification forms and additional information see DCAM's web site:

[www.mass.gov/dcam/certification](http://www.mass.gov/dcam/certification)

Or contact the Certification Office at:

DCAM Contractor Certification Office  
One Ashburton Place  
Boston, Massachusetts 02108  
Telephone Number (617) 727-4050 ext. 415

**d. DCAM Update Statement - Use Form CQ3**

**A complete and signed update statement must be submitted as part of the SOQ.** For analysis of the Aggregate Work Limit for this RFQ, the Estimated Construction Cost for the project as set forth above will be used with a construction duration for the Project as set forth above. The prequalification committee will compare the above numbers with the respondent's current annualized value of all incomplete work to determine eligibility within the Aggregate Work Limit.

If a respondent to the RFQ is a proposed joint venture and the proposed joint venture is not yet certified, then: i) each party to the proposed joint venture must be certified by DCAM and each must submit its own signed update statement (Form CQ3) as part of its SOQ; ii) at least one of the parties to the joint venture must be certified by DCAM in the category of General Building

Construction for a single project limit equal to or greater than the Estimated Construction Cost of the Project and must be within the aggregate limits of its Certificate of Eligibility. When the second phase of the selection process is undertaken through an RFP, a joint venture respondent that has been selected in the RFQ process, will be required to submit its Certificate of Eligibility for the joint venture meeting the above requirements with its proposal to the RFP.
