<u>Date of Application:</u>	June 10, 2008

Appeal #ZBA 2008-33 was opened before the Zoning Board of Appeals at Somerville City Hall on July 23, 2008. Notice of the Public Hearing was given to persons affected and was published and posted, all as required by M.G.L. c. 40A, sec. 11 and the Somerville Zoning Ordinance. After one (1) hearing(s) of deliberation, the Zoning Board of Appeals took a vote.

DESCRIPTION:

The Applicant is seeking a special permit under SZO §4.4.1 to add second and third floor unenclosed wood decks extending from the rear of the structure. The decks would be 15 feet wide by 8 feet deep and extended 2 feet from the side of the house. The applicant is proposing latticework on the side of the second floor deck. Existing windows on the second and third floors will be reconstructed into doorways.

FINDINGS FOR SPECIAL PERMIT (SZO §4.4.1):

In order to grant a special permit, the SPGA must make certain findings and determinations as outlined in §5.1.4 of the SZO. This section of the report goes through §5.1.4 in detail.

1. Information Supplied: The Board finds that the information provided by the Applicant conforms to the requirements of §5.1.2 of the SZO and allows for a comprehensive analysis of the project with respect to the required Special Permits.

2. Compliance with Standards: The Applicant must comply "with such criteria or standards as may be set forth in this Ordinance which refer to the granting of the requested special permit."

The Applicant requires a special permit under §4.4.1 of the SZO. Under §4.4.1, "the SPGA, as a condition of granting a special permit under this Section must find that such extension, enlargement, renovation or alteration is not substantially more detrimental to the neighborhood than the existing nonconforming structure."

The Board finds that the Applicant's proposal **would not be substantially more detrimental** to the surrounding neighborhood than the existing structure, as required under §4.4.1 of the SZO. The proposal is not more detrimental in visual effects or privacy concerns. Though allowed under the SZO, the deck will not be extending into any required set backs on the property.

3. Consistency with Purposes: The Applicant has to ensure that the project "is consistent with (1) the general purposes of this Ordinance as set forth in Article 1, and (2) the purposes, provisions, and specific objectives applicable to the requested special permit which may be set forth elsewhere in this Ordinance, such as, but not limited to, those purposes at the beginning of the various Articles."

The Board finds that the proposal **is consistent** with the purposes set forth in Article 1 of the Zoning Ordinance, and with, to the extent possible for a lawful pre-existing nonconforming structure, those purposes established for the Residence B (RB) zoning district in which the property is located, namely "(t)o establish and preserve medium density neighborhoods of one-, two- and three-family homes, free from other uses except those which are both compatible with and convenient to the residents of such districts."

4. Site and Area Compatibility: The Applicant has to ensure that the project "(i)s designed in a manner that is compatible with the characteristics of the built and unbuilt surrounding area, including land uses."

The Board finds that the proposal **is compatible** with the site and area. The deck and the modification of windows into doors would not be visually intrusive within the neighborhood.

DECISION:

Present and sitting were Members Herbert Foster, Orsola Susan Fontano, Richard Rossetti, Danielle Fillis and Scott Darling. Upon making the above findings, Susan Fontano made a motion to approve the request for a special permit. Danielle Fillis seconded the motion. Wherefore the Zoning Board of Appeals voted **5-0** to **APPROVE** the request. In addition the following conditions were attached:
