Case #: ZBA 2016-57-R1-0816
Date: September 21, 2016
Recommendation: Conditional Approval

PLANNING STAFF REPORT

Site: 18-20 Hamilton Road

Applicant Name: Barry Rafkind and Annika Rafkind
Applicant Address: 18 Hamilton Road, Somerville, MA 02144
Owner Name: Barry Rafkind and Annika Rafkind
Owner Address: 18 Hamilton Road, Somerville, MA 02144
Agent Name: Yael Getz Schoen of YGS Design & Development LLC
Agent Address: 29 Vesta Road, Natick, MA 01760
Alderman: Katjana Ballantyne

Legal Notice: Applicant/Owner, Barry Rafkind, seeks a revision to a Special Permit under SZO §5.3.8 to extend a dormer by six feet. RA zone, Ward 7.

Dates of Public Hearing: September 21, 2016

I. PROJECT DESCRIPTION

1. **Subject Property:** The subject property is a 3,255sf lot originally presenting a 2-1/2 story hipped roof two-family structure of approximately 2,012sf. In June of 2016, the ZBA approved the conversion of the hip roof to a gable, the opening of a previously-enclosed porch, and the addition of a shed dormer to the half story.
2. **Proposal:** The Applicant proposes extending by six feet the dormer that was approved in June 2016 under case number ZBA 2016-57. A window will also be added to the dormer.
3. **Green Building Practices:** None listed in application.
4. **Comments:** *Ward Alderman:* has been made aware of this project.

II. FINDINGS FOR SPECIAL PERMIT (SZO §4.4.1):

In order to grant a special permit, the SPGA must make certain findings and determinations as outlined in §5.1.4 of the SZO. This section of the report goes through §5.1.4 in detail.

1. **Information Supplied:**

The Staff finds that the information provided by the Applicant conforms to the requirements of §5.1.2 of the SZO and allows for a comprehensive analysis of the project with respect to the required Special Permits.

2. **Compliance with Standards:** *The Applicant must comply "with such criteria or standards as may be set forth in this Ordinance which refer to the granting of the requested special permit."*

The structure is currently nonconforming with respect to the following dimensional requirements: side yard setback.

The proposal will alter the nonconforming portion of the structure within the side yard setback by replacing the hipped roof with a gable roof. The side yard setback is currently 2.7' where 8' is required, and will remain 2.7'. This alteration to a nonconforming structure requires the Applicant to obtain special permits under §4.4.1 of the Somerville Zoning Ordinance (SZO).

Section 4.4.1 states that "[l]awfully existing one-and two-family dwellings which are only used as residences, which are nonconforming with respect to dimensional requirements, may be enlarged, extended, renovated or altered by special permit granted by the SPGA in accordance with the procedures of Article 5.

In considering a special permit under §4.4 or 4.5 of the SZO, Staff find that the alterations proposed would not be substantially more detrimental to the neighborhood than the existing structure.

3. **Consistency with Purposes:** *The Applicant has to ensure that the project "is consistent with (1) the general purposes of this Ordinance as set forth in Article 1, and (2) the purposes, provisions, and specific objectives applicable to the requested special permit which may be set forth elsewhere in this Ordinance, such as, but not limited to, those purposes at the beginning of the various Articles."*

The proposal is consistent with the general purposes of the Ordinance as set forth under §1.2, which includes, but is not limited to The purposes of the Ordinance are to promote the health, safety, and welfare of the inhabitants of the City of Somerville; to provide for and maintain the uniquely integrated structure of uses in the City; to lessen congestion in the streets; to protect health; to secure safety from fire, panic and other dangers; to provide adequate light and air; to prevent the overcrowding of land; to avoid undue concentration of population; to facilitate the adequate provision of transportation, water, sewerage, schools, parks and other public requirements; to conserve the value of land and buildings; to preserve the historical and architectural resources of the City; to adequately protect the natural environment; to encourage the most appropriate use of land throughout the City; to protect and promote a housing stock that can accommodate the diverse household sizes and life stages of Somerville residents at all income levels, paying particular attention to providing housing affordable to individuals and families with low and moderate incomes; and to preserve and increase the amenities of the municipality.

The proposal is consistent with the purpose of the district, which is, "...to establish and preserve quiet neighborhoods of one- and two-family homes, free from other uses except those which are both compatible with and convenient to the residents of such districts"...

4. Site and Area Compatibility: *The Applicant has to ensure that the project "(i)s designed in a manner that is compatible with the characteristics of the built and unbuilt surrounding area, including land uses."*

Surrounding Neighborhood: The surrounding neighborhood contains a mix of 1-3 family structures of various architectural styles.

Impacts of Proposal (Design and Compatibility): The six foot extension of the shed dormer will have minimal impacts on the surrounding neighborhood. The proposed extension will bring the dormer measurements to 22' 6" which is less than 50% of the roof plane to which it is attached. That roof plane measures 46' 7" .

5. Adverse environmental impacts: *The proposed use, structure or activity will not constitute an adverse impact on the surrounding area resulting from: 1) excessive noise, level of illumination, glare, dust, smoke, or vibration which are higher than levels now experienced from uses permitted in the surrounding area; 2) emission of noxious or hazardous materials or substances; 3) pollution of water ways or ground water; or 4) transmission of signals that interfere with radio or television reception.*

Impacts of Proposal (Environmental): No adverse impacts on the surrounding area anticipated as a result of excessive noise, illumination, glare, dust smoke or vibration, or from emissions of noxious materials, or pollution of water ways or ground water, or interference with radio or television signals.

6. Vehicular and pedestrian circulation: *The circulation patterns for motor vehicles and pedestrians which would result from the use or structure will not result in conditions that create traffic congestion or the potential for traffic accidents on the site or in the surrounding area.*

Impacts of Proposal (Circulation): No traffic congestion or potential for accidents are anticipated as a result of this structure.

7. SomerVision Plan: *Complies with the applicable goals, policies and actions of the SomerVision plan, including the following, as appropriate: Preserve and enhance the character of Somerville's neighborhoods, transform key opportunity areas, preserve and expand an integrated, balanced mix of safe, affordable and environmentally sound rental and homeownership units for households of all sizes and types from diverse social and economic groups; and, make Somerville a regional employment center with a mix of diverse and high-quality jobs. The areas in the SomerVision map that are designated as enhance and transform should most significantly contribute towards the SomerVision goals that are outlined in the table below. The areas marked as conserve are not expected to greatly increase the figures in the table since these areas are not intended for large scale change.*

Will not create adverse impacts on the stock of existing affordable housing nor will it add to the existing stock of affordable housing in the City.

III. RECOMMENDATION**Special Permit under §4.4.1**

Based on the materials submitted by the Applicant, the above findings and subject to the following conditions, the Planning Staff recommends **CONDITIONAL APPROVAL** of the requested **SPECIAL PERMIT**.

The recommendation is based upon a technical analysis by Planning Staff of the application material based upon the required findings of the Somerville Zoning Ordinance, and is based only upon information submitted prior to the public hearing. This report may be revised or updated with new recommendations, findings and/or conditions based upon additional information provided to the Planning Staff during the public hearing process.

#	Condition	Timeframe for Compliance	Verified (initial)	Notes				
1	Approval is to extend a previously-approved shed dormer under zoning case ZBA 2016-57 by six feet and add a window within it.	BP/CO	ISD/Pln g.					
	<table><tr><th>Date (Stamp Date)</th><th>Submission</th></tr><tr><td>8/4/2016</td><td>Initial application submitted to the City Clerk's Office</td></tr></table>				Date (Stamp Date)	Submission	8/4/2016	Initial application submitted to the City Clerk's Office
